About the Workshop

We are estimating that we will have over 100 attendees made up of owners, pharmacists, pharmacy technicians, operators and nurses from across the network who will be anxious to learn. We are excited to provide Continuing Education (CE) credits to the Pre-Conference Workshop attendees.

The Workshop will take place on Monday, October 7 from 8:00am to 4:30pm – breakfast, lunch, and breaks included. This is a tremendous opportunity for one-on-one discussions and interactions with infusion pharmacy decision-makers involved with product usage, purchasing, and general operations.

As a Workshop sponsor, you will be highlighted throughout the event and receive a booth in our AFC Exhibit Hall. You will also receive a preferred exhibit location and four badges for the conference.

\$7,500
