In order to ensure all of our guests enjoy a relaxing experience, please respect all guests' right to privacy and serenity. Please refrain from using mobile devices and taking photos in the spa areas.

CANCELLATION POLICY

HYDRO-THERMAL CIRCUIT

Spa by JW guests begin their journey through the circuit with a cool, refreshing experience shower. The shower is followed by a relaxing visit to the sauna. Traditionally designed with wood-paneled walls and benches, the sauna provides a high temperature, low humidity environment ideal for relaxing the muscles, boosting circulation, and improving the immune system. Following the sauna, guests cool down with a cold shower or body scrub with ice. The ice fountain provides an abundant source of flaked ice for scrubbing down the body, simulating the Finnish tradition of rolling in snow after a thermal treatment. This drastic change in body temperature tightens skin, improves the immune system, reduces blood pressure, and increases circulation. A rest and relaxation period follows the cool down. Many guests choose to enjoy an additional therapeutic treatment while others choose to rest in the relaxation lounge as their bodies recover from the thermal experiences. The circuit ends with an experience shower that incorporates soothing aromas, choreographed lighting, and various water deliveries and temperatures for a multi-sensory experience. The pre-programmed experiences will take guests through an invigorating and refreshing shower. Alert and refreshed after the cool shower, guests will proceed to the steam room where they will be greeted with a warm, steamy fog. A soothing steam is supplied into the room with steam and periodic bursts of soothing aromas. The intensive warmth and wetness of a steam room relaxes the muscles, reduces joint pain, and detoxifies the skin. A rest and relaxation period follows the cool down. Many guests choose to enjoy an additional therapeutic treatment while others choose to rest in the relaxation lounge as their bodies recover from the thermal experiences. The circuit ends with an experience shower. Spa by JW is staffed by fully trained and knowledgeable consultants to further your therapeutic journey. Additional amenities, couple's experiences, and treatments are available.
